Efficient and able electrical professional with 10+ years in the utility industry in Technician, Sales Rep, and management roles. Strong organizational and time management skills. Continuing to expand my experience by providing high quality service.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Solar Installer

EcoMark Solar - Denver, CO

September 2018 to Present

I've Installed hundreds of systems and have a complete understanding of the drawings and the conversion of dc to ac through our equipment. I have strung together hundreds of optimizer maps and been on all types of roofs. Have now problem carrying solar panels up a ladder. I am comfortable with safety harnesses and heights, I am great when dealing with customers. I am a "Solar Samurai".

Electrical Technician

WESCO International - Austin, TX

May 2018 to June 2019

Created drawings for build books as well as tested our assembly books with new projects.

Electronic Technician

IDESAA inc. - El Paso, TX

March 2008 to May 2018

1. -Shop manager 10+ years

10+ years of fabrication experience of control panels and protective relay racks. Including but not limited to:

Substation class equipment fabrication

-Lift station communications and control panels

-Process controllers and instrumentation

-Indoor, Outdoor and specialty RTU systems, automated control and rack mounting automation hardware systems for various industries and utilities

-10+ years of direct experience in field installations

-5+ years of sales and customer service

-5+ years AUTOCAD drawing experience
