I have been doing heating and air for last 20 years, I am chomping at the bit because of so much time off, also financially. I have exp with retros installs, service, sales, and plumbing. I am cfc type II certified, also r-410a, and isl sales training in las vegas. Thanks for your time. I am a hard worker and would be an excellent assest, am extremely easy to get along with, but know when to be rough on people to get job done efficiently and productively. I have such a large gap in work history because I suffered 4 strokes and a 10 day coma 3 years ago.

Work History

04-18/08-18

Air masters

Lead service tech

I was responsible for running service dept and training people underneath me. I also was sales person for the company.

11-17/present- Startek enterprises~ Greeley, CO

Customer service agent

Am a comcast tier 2 Advanced repair agent. I specialize in fixing peoples cable and internet issues.

08-14/1-16- Pauls Plumbing~ Loveland, CO

service/installs

Was lead installer/service tech. Trained 3 apprentices to become leads while keeping company caught up from busy summer. Occasionally ran sales calls when owner was to busy to run leads. Focused primarily on training apprentices.

- 04-14/ 08-14 Ace hi Plumbing~ Loveland, CO

Service Tech

Was lead HVAC technician. Serviced all residential and light commercial hvac units. Was also lead installer, and did most all of the hvac estimates for the company. Was in a bad car wreck on june 25th 2014, worked a few months but couldn't anymore because of the pain. Finally got cleared by surgeon on july 2015.

- 6-06-4-14- Climate Experts Heating and Air~ Loveland, CO

Self Employed

HVAC new construction, Retrofit replacements, service, indoor air quality, custom homes in Eagle and Vail all sheetmetal from start too finish.

- 1-06-6-06 Climate Control Company~ Glenwood Springs, CO

Retrofit Installer

Retrofit replacements, service, indoor air quality etc.

~Started own business, not enough work

- 8-05-1-06 Mid County Plumbing and heating~ Glenwood Springs, CO

Foreman

Overlooked all employees on job site to ensure quality, and often put tool belt on and helped out.

New construction

~Mid county lost contract too cheaper bid on second phase, so forced to find new job

- 10-04-8-05 Climate Masters Service Experts~ Longmont, CO

Sales

ISL sales training in Las Vegas

did in home sales, bidding, overlooking other options for replacements

~After summer hvac slows down big time and just couldn't afford not to have a consistent check to pay bills for my kids, moved to western slope to get foreman position

· 6-01-10-04 Poudre Valley Air~ Fort Collins, CO

Retrofit installer

HVAC new construction, Retrofit replacements, service, indoor air quality ect.

~Went to climate masters to take sales position that i have always wanted

· 3-00-6-01 Gibson Heating and air~ Loveland, CO

retro installer

HVAC new construction, Retrofit replacements, service, indoor air quality ect.

~Went to PVA for more money and lead installer position

· 5-99-3-00 Jiffy lube~ Longmont, CO

hood tech/ pit

worked under hood, or changed oil

~Went to gibson to work with friends dad and get into a trade

· 3-96-5-99 Sonic Drive-in~ Loveland, CO

cook/carhop

cooked orders, made drinks, delivered food, asst manager

~After high school went to jiffy lube to get out of fast food

I'm a very hard worker, with lots of experience in hvac, i would just love a consistent job to get funds rolling again for my 3 children.
