As an addition to the company, my main objective is to complete my tasks as efficiently as possible while growing my skills in the field. I take pride in my work and do my best to adapt and learn quickly.

Work Experience

Laborer

Erosion Control - Earth X

September 2022 to June 2023

Assembly Line Worker

BlueCore Irving

August 2021 to September 2022

Laborer

Brick Nasario Construction

April 2019 to August 2021

Responsibilities: I worked under the foreman's instructions with little supervision. I operated a skid, excavator, and forklift. I was a CNC operator as an assembly line worker. I worked in laying brick for homes.

Communication

I communicated all completed assignments and received instructions for new ones. I was able to translate all communication to the employees who did not speak English.
