Daniel Odorizzi

Fort Collins, Colorado

danielsreef79@gmail.com

(970) 412-5675

I grew up in Philadelphia and moved to Northern Colorado in 2006; I love spending time exploring Colorado's outdoors, discovering new activities, and enjoying local brews. Exceedingly diligent worker, with a friendly, trustworthy, professional, and loyal personality. Can be self-sufficient, but also enjoy working productively in a team environment.

Experience

Freight Team Associate & Receiving Support │ Home Depot

(January 2022 to Present)

Ensure the store is fully stocked and ready for business every day; load and unload trucks, move material from the receiving area throughout the store, operate a variety of forklifts, and perform critical functions for maintaining proper hands-on service and pricing for customers. Direct vendor and customer interaction with excellent customer service skills and outside the box thinking for unique solutions.

Commercial Delivery Driver │ Amazon Special Projects Group

(October 2021 to January 2022)

Quickly and efficiently deliver packages in a demanding environment, all while practicing and upholding Amazon's core values and unique customer service.

Assistant Brewer │ Sanitas Brewing Co.

(April 2020 to December 2021)

Assist brewhouse with a variety of duties and tasks, including: inventory and delivery in wort production; milling in, unloading, filling, stacking, and moving kegs and grain bags and graining out spent grain; stocking taproom; cleaning and sanitizing of fermentation vessels; weighing and measuring hops and other ingredients used in the brewing process; filling and emptying barrels for barrel aged bourbon and sour beers; dry-hopping a variety of hoppy beers; daily gravities and tank turn downs; draining of trub and dry hops; yeast harvesting and pitching, barrel work, and pasteurization; draft line/general maintenance and cleaning; as well as various other odd jobs for the brewery such as setting up and working events, all while maintaining the highest standards and consistency of quality control, hygiene, health, and safety.

Warehouse Specialist │ Skratch Labs

(April 2018 to April 2020)

Accurately pick and safely pack products to fulfil orders; build pallet-sized orders for key accounts; 5S warehouse organization and ownership of assigned areas and organizing/restocking warehouse as needed; receive incoming packages while following all warehouse rules and safety procedures.

Auto Porter & Purchase Assistant │ BMW of Loveland

(February 2016 to April 2018)

Responsible for successful delivery, moving, and parking of new and Certified used vehicles. Interact with, and safely drive customers to and from dealership. Kept track of vehicle locations on the lot, cleaned vehicles, and collaborated with managers for up-to-date internal data entry, and auto auction purchasing, all while always ensuring a tidy lot.

Education

Academy Park High School

(1994 to 1998)

Front Range Community College | Computer Information Systems

(2018 to 2020)

Udemy Computer Trade School | Online Courses

(2018 to Present)
