WORK EXPERIENCE

Machine Operator

SKF ALEMITE - Johnson City, TN -

2017-06 - 2018-02

Ran Turret Lathes

Drilled, Tapped, Reamed, and Milled an assortment of metals to measurements as precise as a thousandth of an inch to make grease fittings.

MACHINE OPERATOR

T.R.W. AUTOMOTIVE -

2013-03 - 2017-02

I operated a motorized forklift for 1 year.(7 days a week 12 hour shift)

Repaired and tore down steering gears for 18 wheelers, such as Mack, Freightliner, and even the military.

These gears weighed anywhere from 20-80 lbs, and took a 13 man team to build. If any of these men had a problem with quality they came to me. Then I would log the problem for improvement, and either fix it, tear the gear down and log the scrap, or return reject to sender. (2yrs)

Assembled Steering gears on Commercial Truckline. (1year)
