SUMMARY

I am a strong leader, I play by the rules. I adhere to all safety procedures and OSHA regulations. I follow SOP'S. I can troubleshoot, set up and operate multiple lines. Experienced in clean room environments. I have a eye for detail. I have worked with ISO 9000/9001. Familiar with tools, gauges and measuring devices. Worked in quality control. I meet and/or exceed daily expectations. I am a certified train the trainer. I am a very loyal employee and strive to do what is right by my company's standards and policies.

SKILLS

I have been in the packaging division of a major pharmaceutical company for the past 20 years.
Operating, set up and troubleshooting the lines, to include bundlers, fillers, cappers etc... I met or exceeded all expectations for production on a daily basis with no deviations or safety issues. I was a certified trainer, handled lead position tasks and was in charge of my line for over 15 years.

EXPERIENCE

Production Tech III / Sandoz Pharmaceuticals/Novartis - Broomfield, CO

06/1999 - 01/2019

I successfully ran my line in a competent and safe manor. I trained and certified other operators. I worked hand in hand with maintenance learning how to trouble shoot and repair my line, minimizing down time. I worked with the manufacturer of machines in setting up new lines, also training personnel on new lines. Maintained batch records. Held safety training classes. Helped with necessary re-work of product from other lines. Followed all SOP's were up to date, provided update needs to SOP's to proper departments.

EDUCATION AND TRAINING

Red Rocks Community College - Denver, CO

1984

GED
