I have a forklift operators certificate and I've work on several jobs as an apprentice electrician. I also just finished a course in foundations and basic carpentry that can be verified online at the NCCER website.

I'm ready to work as soon as March 30th
Authorized to work in the US for any employer

Authorized to work in the US for any employer

Work Experience

Machine Operator/Forklift Operator

ACME Manufacturing Company Inc.

July 2020 to October 2020

I ran the wash plant that washed the freshly cut metal products. I put the product on pallets and used a forklift to put the material in it's assigned areas.

Assembler/Production

Terumo BCT

May 2020 to July 2020

I worked with other employees as a team to assemble medical equipment in a cleanroom.

Embossor Lead Man

CCI

January 2011 to March 2019

I was responsible for a crew of four. My duties were to clean and inspect the machinery, get it started and running, prepare work orders and assign my crew to their positions for the day and make sure that the orders were filled correctly.

1st year electrical apprentice

LG Electric - Cheyenne, WY

January 2010 to December 2010

I worked for L G Electric as a 1st year electrical apprentice assisting journeyman electricians with completing assignments such as laying underground pvc, installing conduit as well as electrical boxes. I pulled wire and connected wire in electrical boxes. I put up lighting and wired it together. I operated scissor lifts, bobcats and ditch digging equipment.
