## Work Experience

---

### **Dock Worker/Forklift Operator**

Estes express lines - Denver, CO  
January 2019 to March 2019

1. My position as a Dockworker i currently had to unload several trucks a day to complete the days task, with the help of a few other employees we could handle about-four to five trucks a day.
2. Some types of operations we did were private and some commercial. Allot of the work came from different states also loading the freight back onto multiple trailers to complete the task logging in the sheets and giving them to the supervisor on the dock.
3. I learned a great deal of responsibility, from the team as there was no room for play in the dock I also used RF scanners an, tablets to log everything I loaded to keep track of my complete trailers and documentation times it would take for me to complete the task i also got a certificate of completion after my training process was complete.

### **Groundskeeper/Maintenance/Landscaping**

Lamar Properties - Denver, CO  
August 2018 to August 2018

to August 2018

1. The Local & Lamar property management gave me a great Very hands on working job that functions  
  
i was always on the job discovering the other 16 properties in the Denver metro area although a constant team thriving enthusiastic team work maintaining neighborhoods and looking after residents and their animals cleaning and changing doggy stations.
2. Although their are other duties such as mopping sweeping windows flowers, guy's, clubhouses, pools

and sonas, also penthouse rooftops occasionally landscaping goes from weed picking powerwashing balconies porches light fixtures repairs and instillation also remove graffiti from walls keeping a organized community.

3. I also helped maintenance worker by assisting them wiring and updating property this was very challenging duties as well as painting curbs and minor moving to assist with eviction help and make ready apartment cleaning to ensure of the next family to start a home.
4. I enjoy being apart of communities helping and the property management has improved my communication skills. An it also great to hear when residents enjoy there time at the end of each day greeting people and compliments are a quality assurance and makes me feel so accomplished and thankful to work for a great community.

### **Lube Technician**

Finish Line Automotive - Aurora, CO  
June 2018 to August 2018

1. Learned basic car skills to diagnose and evaluate Different situation common car problems and functions to complete care to the conditions of many Different vehicles and trucks
2. MAINLY LOWER BAY WORK ALSO TUNE UPS BELTS RADIATORS FLUSHES TIRE ROTATION STEERING AND BRAKE COMPONENTS WERE A VERY BIG ACCOMPLISHMENTS.
3. Hard work and effort was learned as i achieved to complete each car with care.Efficiently the team was very goal orientated and we always made sure we fix any mistakes to provide excellence for our customer satisfaction, at the Fininshline.
- 4.Also did brake pads on the companies tow truck an assisting in training to tow customers vehicles. The most challenging accomplishments of my duties as lube technician, As greeting customers but although as time grew I became allot more confident in my work skills an mechanics really schooled me or how to and need to know. So definitely organizing my station always keeping stocked and clean the lower bay as servicing approx 60 to 80 a day and being responsible for each and every vehicle that drove through the shop professionally.

### **Warehouse Worker**

Schiender - Aurora, CO  
April 2018 to May 2018

1. Learning to get to know warehouse was a Great Job opportunity very Challenging But differently worth the work Ethic i also learned how to use pallet jack and shipping loading Scanning was complicated but definitely shows team work and effort to get the job done correctly.
2. The company was a great entry level experience i also did cleaning around the warehouse setting up cones for truck drivers to enforce safety procedures were followed as the company directed.This involved myself and three to two other employees during the night shift.
3. Great job opportunity i learned allot more than entry level warehouse docking/Loading/Unloading shipments to the GM-and Ford companies successfully.

### **Manager shift Lead**

Taco Bell - Aurora, CO  
September 2015 to August 2017

- Responsibilities
- As a team member I had allot of responsibility to clean and stock service or customers with a positive attitude for a constant fast paced working environment. Dishwasher closing the store completely
- cleaning store.Also Unloading an properly stocking the freezer Walk in and marking off items we used prior to the night before on a
- scheduled basis.
- Also Maintained the duties of store still selling and customers were in a positive store lead which a partnered my co
- workers and presumed manger throughout various experiences in all weather conditions.

## Education

---

### **High school or equivalent**
