A driving/delivery/labor position.

Authorized to work in the US for any employer

Work Experience

Fuser/Pipe Fitter

Michels Corporation - Rogers, MN

April 2003 to Present

End Date: Present. Installation of both "rehab" mainline, residential and commercial services. Mapping, meter hanging and occasional operating. Tapping, locating, and all the various other duties with gas work. Supervision of various laborers to make sure all services are properly installed within appropriate customer guidelines. I worked four years of the extremely fast paced new construction work as well as every winter season depending on the demands of Center Point Energy. The Midwest Gas Replacement Project was completed in 2005 in which over 30,000 gas services required replacement. Still currently working at Michels.

Fuser/Pipefitter

Infrasource Underground Services, Incorporated - New Berlin, WI

April 2001 to Present

End Date: April, 2003 I managed materials for the crew including house plumbing. I prepared and tied in saddle, socket and butt fuses (including 24 inch). I also gained experience with electro fusion equipment/ (tie in's) as well as various pipefitting tools (compression fittings, tube benders, etc). Strongest responsibility for practicing quality procedures and complying with its requirements, and carrying out responsibilities as outlined in safety, health and environmental policies.

Rework Assembler

Seagate Technology - Bloomington, MN

1990 to Present

End Date: 1992

PC board SMT soldering, rework, alignment for wave soldering, and hard drive testing prior to shipping. All procedures were handled with precise quality control standards. Various special rework projects were performed for engineering and test technicians.

Payroll clerk

Rockwell International - Cedar Rapids, IA

1988 to Present

End Date: 1990

While attending college I was able to work for Rockwell International part-time. Fridays consisted of the gathering of all time cards around this enormous plant(two hours), and the manual calculations of

hundreds of manufacturing employees, collective bargaining units and well as the nonsalaried exempt. Much was learned about computers, administered garnishments, as well as pre-tax deductions.

Final Inspector

Honeywell, Incorporated - Morristown, NJ
March 1996 to March 2001

Start Date: March, 1996 End Date: March, 2001 Both visual and mechanical material inspection for requirements within customer specifications (tight tolerances). First article inspection with documentation (using blue prints, microscopes, etc.). Various quality missions accomplished through teams. Assisted engineering with both Ericsson and ISO 2001 certification as well as training of new employees. Numerous hours were also spent in Electrical Test and Plating depending on work load.

Wet Process Group Lead

Advance Circuits, Incorporated - Hopkins, MN
June 1992 to March 2001

Start Date: June, 1992 End Date: March, 1996 Supervision of between eight and twenty production employees (depending on shift). Coordination of wet process lines including: electroless copper, strip-etch-solder strip, pattern plating and both deep and tab gold. Reviewed work orders to insure familiarization with job requirements and prioritized per the daily production meetings. Worked with operators to insure all preventative maintenance were handled in a safe and timely manner. Continuously out produced all other more experienced work shifts. Malcolm Baldrige Award success (1994).

Education

Associate Degree in Business

Crown College
2001

Skills

- Hard working, morals and values.

Assessments
