

# David Ojeda

---

12111 Melody Dr. Bldg 15 Apt #102 | (720)618-9150 | David32Ojeda@gmail.com

## Objective

To find an opportunity that allows me to build a career and contribute to a company.

## Education

**DIPLOMA | MAY 2014 | JEFFERSON HIGH SCHOOL**

## Skills & Abilities

### MACHINE OPERATOR

- Able to load material, program the appropriate job to run, and provide proper maintenance.

### FAST LEARNER

- Capable of catching on to various tasks at a fast rate. When given the opportunity to learn new responsibilities it usually tends to come easy.

### COMMUNICATION

- Working with others is never a problem. Easy to relay job responsibilities in a clear and efficient manner. When it comes to job disputes, coming up with a solution is never an issue.

### DEPENDABILITY

- Showing up on time and transportation is never an issue.

### POSITIVE ATTITUDE

- Having a “can do” attitude is very important especially during stressful situations. Always willing to contribute to get the job done.

## Experience

### MACHINE OPERATOR | DIRECT SIGN WHOLESALER | JUNE 2015- PRESENT

- Having had multiple positions tasks vary as necessary. As a machine operator tasks include correct lubrication of machines, tracking jobs done on tracker, loading and changing channel coil, retrieving backs for letters completed, emailing art team of any errors on the jobs program, instructing benders on what jobs are next, and fixing any troubleshoots the machine may have. Other tasks include bending letters, clinching letters, calking letters, and quality control which are all separate positions.

### TECHNICIAN | DUCTWORKS | JANUARY 2015- MAY 2015

- As a technician tasks varied on the type of job such as duct cleaning or kitchen degreasing. Blueprints are read to ensure a quality cleaning. Power tools are a big part of the job to cut into ducts for cleaning and lastly resealing. Prepping for kitchens

requires setting up plastic for chemical containment and chemical use for cleaning as well.

**DRIVERS ASSISTANT | A&K APPLIANCES | OCTOBER 2015- JANUARY 2016**

- As a driver's assistant tasks included order selecting, loading the box truck, preparation of appliances with power tools and careful delivery of appliances. At times talking with customers was required.
