Denver, CO

palmer18370@gmail.com - (515) 443-6737

I am seeking gainful employment that builds on my past experience with machines leading to potential advancement opportunities in new directions.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

## WORK EXPERIENCE

### **BASF Foam Gun Operator**

Vendnet/Wittern Group - Waukee, IA -

2016-08 - 2017-07

Injected amounts of expanding insulation foam into vending machine parts and refrigeration boxes

### **Machinist, Assembler, Designer**

Doranix - Golden, CO -

2014-08 - 2016-07

A little of everything. I sometimes completely redesigned parts and mechanisms. I used a lot of my basic CAD program at this job. I've done some more basic work with soldering modifications and changing chips on small electronics. I prefer machining. I designed some and built everything mechanical on a few of the customer printers myself but usually I worked with Mike on all projects.

### **CNC Mill Operator**

Software Bisque - Golden, CO -

2013-05 - 2014-06

Machine Operation, Offset and Program Editing, Machine Maintenance, Scratch-Free Handling, Bandsaw, Cleaning, Part Finishing

### **CNC Lathe/Mill Operator**

Wyobraska Machining - Casper, WY -

2010-07 - 2012-08

Set-Ups, Machine Operation, Program Editing and Modifying, Quality Assurance

### **CNC Mill Operator**

Turntec Manufacturing - Casper, WY -

2009-03 - 2010-06

Operated and Programmed CNC Mills with Conversational Format. Operated Deep Bore STS Drill as well as redesigned and repaired certain features from start to finish.

### **CNC Router Operator**

Northstar Woodworks - Ferndale, WA -

2007-06 - 2009-02

Operated CNC Router to shape wooden parts and whatever was important and necessary immediately.

### **CNC Router Operator - Floater**

Aluminum Chambered Boats - Bellingham, WA -

2005-06 - 2007-05

Operated CNC Router, Cut Linear and Plate parts and finished to form with Press Brake. Used all manner of shop tools.
