**OBJECTIVE:**

*I am seeking a position where I can utilize my past experience and training. I am an individual who is well rounded in the industrial arena and other diverse employment, and I am also open to positions where I may be trained. I take pride in being a hard worker, team player, problem solver, am reliable and energetic with a good positive attitude.*

**SKILLS:**

- **Waste and trash-all aspects of clean up to include grounds maintenance, building maintenance to recycling, aluminum and all other.**
- **Insulation-Installation in commercial and residential areas**
- **Industrial-General warehousing, production, assembly, shipping/receiving, custodial, and loading/unloading.**
- **General Construction-Laborer, clean up, installation work in commercial and residential arenas**
- **Driver-delivering and picking up shipments to and from customers.**
- **Flooring/Carpets-Cleaning, stripping/waxing and all other aspects.**

**WORK EXPERIENCE:**

**Aramark, Denver, CO**

**1999, 2007 to 2010**

- **Trash Crew** doing all aspects of building, grounds maintenance to include recycling of bottles and cans. This position has required heavy lifting and adaptability as responsibilities and duties can vary from moment to moment.
- Good customer service skills are also required as much of this work is done in VIP and suite locations interacting with the general public.
- I have been on call for various projects and facilities such as the Rockies Stadium, Pepsi Center, etc., while I have been seeking more permanent employment.

**Temp Agencies, Denver, CO**

**2006-Present**

- **Working for these temp agencies in diverse positions while I have been seeking more permanent employment:**
  - **Kelly Services, Manpower, Ready Man, Standby Personnel, Intermountain staffing, Prime Source**
- **Various positions such as general labor, construction, warehousing, stocking, inventory, other misc. positions**

**Sun Power, Denver, CO**

**2001-2007**

- **Field Technician** with responsibilities all pertinent to weatherization within commercial businesses and residential homes. This included loading/unloading all materials and equipment need for all projects. Projects included installing fiberglass, windows, garages, crawl spaces, attics, dryers and other areas and items needing weatherization for these customers.

**Denver Hardwoods Denver, CO**

**2016-2017**

**Driver helper** doing moving, cubicle installation and assembly, furniture and all other type of work connected with assisting companies in moving.

**EDUCATION**

East High School, Denver, CO, Diploma  
Communtiy College of Denver Denver ,Co 1996

1995
