AEROTEK: RAO Manufacturing - Fridley, MN

October 2018 to February 2019

Key duties:

- Tool Setup, teardown and basic operation of a 250 ton Minster Press.
- Some setup, teardown and basic operation of other presses both larger and smaller than the 250 ton.
- Occasional deburring and washing of parts.

Punch Press Operator

AEROTEK - Ajax Metalforming Solutions - Fridley, MN

July 2018 to October 2018

Key duties:

- Basic operation of multiple punch press machines.
- Performance of quality checks on each job performed on a machine.
- Packaging and movement of jobs completed to the next phase or area of production.

Client Specialist

INDECOMM GLOBAL SERVICES - Document Management Group

September 2012 to July 2018

Entered the Mortgage Industry knowing nothing, into a role of expert and liaison between the company and multiple clients. Many Counties contacted me directly with any concerns or questions regarding

my clients Mortgage Documents. Consistently a top performer in both revenue generated and/or mortgage documents processed.

Key duties:

- Point of contact for multiple clients including answering inquiries, providing customer service and follow up regarding mortgage documents.
- Review of various types of mortgage documents for accuracy and compliance to State and County legal requirements.

Phone Screener

MANPOWER GROUP: Assurant Health Direct Sales Center - Plymouth, MN
December 2011 to September 2012

Key duties:

- Positive Interaction with potential customers interested in health insurance via outbound telephone and e-mail contact.
- Provided courteous customer service and support for inbound calls.
- Gathered data from prospective buyers to provide support for the Insurance Agents.
- Data entry and maintenance of client data bases.

Work Director 2

WELLS FARGO BANK - Item Processing, Shoreview Operations Center
November 2007 to March 2011

First to provide oversight of three departments consisting of a diverse group of nine Team Members within the Item Processing Department: Sorter Area, Transit Dispatch Area, and Incoming Prequalified Area.

Key duties:

- Provided training, monthly feedback, scheduling and coverage for all Team Members on my team.
- Coordination and distribution of processed checks to meet deadlines, goals and established quality standards while monitoring the work in-progress and making adjustments as needed.
- Identification and implementation of new procedures. Reviewed existing procedures and provided recommendations to increase productivity.
- Utilization of Microsoft applications Excel, Word and Outlook for daily duties.
