

Deshon Powell

Work Experience

Crane Operator

RATNER STEEL - Roseville, MN
March 2019 to Present

i went through a temporary service and I was hired on as a crane operator. I've learned how to operate a crane a consistent rate. I can operate a sheet lifter crane and also a coil crane. I load trucks and also stock incoming and outgoing steel

Trainer / plastic fabrication

Atlas Staffing, Inc - Anoka, MN
January 2019 to Present

Trainer in plastic fabrication, conduct critical value engineering, ensuring support throughout warehouse. Assembly efficiencies, providing packaging solutions.

Cabinet Maker

LSI Corporation - Plymouth, MN
June 2015 to July 2017

Responsibilities

Working on the assembly line building cabinets as well as solid surface for a few months. My last few months there I've been doing installs, going out to different schools and hospitals installing plum cabinets and solid surface countertops. I also was trained in on the CNC machine and both the hot and cold press. I have much experience in a little bit of everything.

Solid surface
