**OBJECTIVE:** To obtain employment in a reliable company that will offer opportunities for advancement.

**QUALIFICATIONS:**

I have a variety of knowledge during my time at Urban Farmers, j&k pipe line , discount forklift, GVR landscape, CEC equipment center that will be a plus to my future employer.

Knowledge of working on work trucks as a mechanic for Urban Farmers by working on the lawn equipment and maintaining the work trucks were fully equipped daily and did light maintenance (changing oil - brakes - tune-ups).

At J&K pipeline i have worked on john deer 624 loader , excavators 225C,john Deere backhoe 410G ,case 580 backhoe rebuilding the engines ,bobcat skid steers to working on freightliner heavy duty trucks.

discount forklift I have extended my knowledge by swapping engines on hyster , yale, cat,komatsu, putting head gaskets on diesel engines, making sure the machine is running in good condition an that there is no leaks.

when worked for GVR landscape I was shop manager i kept up with ford f350 trucks, skids ,bobcats ,mini skids ,made sure equipment is ready to go out every day I do Other duties as assigned -

Working for contractors equipment center , I have worked on Gine boom lifts , fork lifts , sky jacks , generators , air compressors , case , loaders , bobcat , skids , water pumps , making sure equipment was ready for rent if machine was not ready would make work order an gets parts , pm services , annual check overs I I pride myself as a team player and I would not have any conflicts with my schedule that would

prevent me from being flexible with my time. I am willing to learn new skills and would enjoy the opportunity.
