June 2019 to Present

First line of quality assurance for all incoming bulk ingredients for all of our products produced at our factory. In charge of running the truck scale, ensuring ingredient quality by running all initial quality test and analysis, ensuring standards are adhered to by ingredient companies upon receipt of the product which includes proper paperwork as well as meeting specific standards set forth by Nestle.

QUALITY SPECIALIST 1

NESTLE PURINA PETCARE COMPANY OF DENVER COLORADO - Denver, CO

August 2017 to June 2019

In charge of a multitude of tasks that range from daily, weekly, monthly, and quarterly jobs. Also expected to ensure product safety throughout the entire plant with the other people in my department. Obtained my pesticide applicators licenses very fast, have learned the job very fast, and am willing to do whatever it takes to get even better. Currently working on getting my Qualified Supervisor licenses through the Colorado Department of Agriculture as well.

(TEAM LEADER RELIEF)- NESTLE PURINA PETCARE COMPANY OF DENVER COLORADO

WEEKEND WARRIOR - Denver, CO

September 2005 to August 2017

Was in charge of knowing every single job the WEW were expected to do which included knowing all machinery in the facility as well as how to operate them and take them apart. When I was not doing the team leader relief duties I was the designated trainer for every new person to the department. When I was doing the team leader relief duties I was in charge of the entire crew and everything which that encompassed including doing timecards, vacation approvals, and anything else that may have popped up. I also helped develop and update all of the cleaning procedures which the crew currently use to this day.

TECHNICAL SPECIALIST

Ikon Technical Development and Ikon Technical Solutions - Aurora, CO

February 2012 to July 2016

Was in charge of learning new methods of electronic repair as well as improving upon methods which I already knew. Micro soldering, component repair, computer programming, computer building and repairing, any electronic repair. Help with running a store front, as well as dealing with customers and

taking in payments, ordering parts, delivering equipment to vehicles. Corporate jobs which included running all new electrical wires inside of buildings, hooking up complete internal networks, completely building interactive kiosks, anything else the client wanted.
