Attended college from graduation of High school. Was admitted as a full time student in the Fall semester of 2013 - Spring of 2015.

- Acquired 51 Credit Hours
- Studying Mechanical Engineering

SUMMARY STATEMENT

As an Aviation Boatswains Mate Equipment-man 2nd Class Petty Officer I lead a team of highly qualified individuals in the successful launching of aircraft from an aircraft carrier. I did this successfully by becoming qualified to operate complex hydraulic and steam catapult systems, and learning how to also troubleshoot and repair these systems with standard and

route maintenance.

Along with knowing the complex catapult system and becoming highly qualified in it I held a collateral duty for calibration of over 400 different Precision Measuring Equipment assets within my division. I had to work with my other colleagues in my respective work centers to accomplish this feat. Altogether we held a 99% calibration rate in my division. As a member of this elite team of individuals I've become a team player, and learned to work with a diverse group of people.

AWARDS

Awarded the Navy and Marine Corps Achievement Medal (NAM) in March of 2019

Became highly qualified in my military rating/job

Achievement of the Rank Petty Officer 2nd Class (E-5 pay grade) in 3 years

Achieved the Good Conduct Medal
