Longmont, CO 80501 – 720.656.8678
dirty7181@gmail.com

Hardworking and reliable CNC Machinist looking for an opportunity to utilize my strengths while continuing to advance my skills and my career with an excellent company.

Experience

PCS Ferguson / Apergy / ChampionX

November 2010 – December 2021

CNC Machinist

- Setup and run CNC lathes and multi-function machines
- Inspect and measure parts to ensure conformity to customer specifications
- Work with programming, QC and engineering to improve processes
- Perform maintenance on machines
- Work safely and keep area organized and clean
- Troubleshoot issues with tool life, dimensions, and surface finish
- Oversee and train new operators
- Act as backup to team lead and supervisor to open and close shop and assign work as needed

Saw Department Lead

- Managed incoming material storage, organization, and traceability.
- Train saw operators
- Implement safety procedures and ensure team is working safely
- Create and implement process improvements to save time and improve safety
- Identify equipment issues and perform or schedule repairs
- Keep detailed records of forklift inspections, part measurements, and material certifications

Saw Operator

- Operate vertical bandsaws
- Ensure parts meet specifications
- Maintain traceability of materials
- Work safely and keep area organized

Assembly

- Assemble machined parts using hand tools, drill press, hydraulic press
- Follow work instructions and assembly drawings
- Test and inspect finished parts
- Package and prep parts for shipping

C&D Metals

January 2022-present

- Setup and run CNC lathe and CNC mills
 - Inspect and measure parts to ensure conformity to customer specifications
 - Work with programming, QC and engineering to improve processes
 - Perform maintenance on machines
 - Work safely and keep area organized and clean
 - Troubleshoot issues with tool life, dimensions, and surface finish
-

Strengths

Reliable – Hardworking – Organized – Safe – Detail Oriented – Leadership

Specific Skills

Okuma / Fanuc/ HAAS controls

Twin turret lathes / Live tooling / Y-Axis

Forklift certified

Microsoft Word / Outlook / Excel
