

Education:

Colorado State University
Fairview High School

B.A. Theatre, B.A. Graphic Design

(Expected Graduation 2021)
Graduated 2016

Skills:

Works hard on every project with determination and optimism. In the workplace I am known for learning quickly on the fly while showing full respect and cooperation with other workers. Proficient in Hand, Power, Pneumatic and Welding tools. Moderately skilled in design programs of Vectorworks, Autocad, Q-lab, Photoshop, Illustrator, and Indesign. In stage management, leads with direction and conviction, as well as being friendly with other managers and actors.

Past Work Experience:

Company:
Pink Monkey Solutions

Position:
On Site technician, Fabrication,
Warehouse, and Onsite lead
Manager

Year:
2019

Pink Monkey solutions is an event company. The events they complete range from weddings to art auctions to outdoor concerts. I worked in all areas of the company. As a lead manager I would be in charge of 8+ people depending on the job and have to complete set up of an event as efficient and safe as possible. Making sure everything we were doing is as the client asks. Fabrication is being a carpenter, and the warehouse was taking inventory.

CSU Scene Shop

Carpenter

2016-C During the
school year

I work from August to May, building sets for all the Colorado State University theatre. I work with 3+ people depending on the job. The work requires heavy lifting and strong communication. Being safe with dangerous equipment is key for my position.

Lyric Repertory Company

Carpenter and Head of
Changeover

2018

Similar to the CSU scene shop I would help build the sets based off of draftings. I was working with a team of seven, day in and out. Head of change over is the coordinator between changing shows. At the Lyric Repertory Company, they have four different shows in the same space. I would lead 15 - 17 people in taking down one set and putting up another.

City of Golden Parks
Department

Onsite worker level 1 and 2

2016-2017

The department I worked for was focused on the cleanliness and appearance of the parks in the city of Golden Colorado. We would pick up the trash, empty trash cans, pull weeds, mow the grass, fix playground equipment, fix the sprinkler systems, plant flowers in all beds, spray weed chemicals, and fixed any requests made by the public.

BSA Camp Counselor

Climbing, COPE, Aquatics
instructor

2015

I taught the three classes as listed above, I would teach these classes to groups of 10 -15 kids ages from 10 -12. On how to safely operate each activity and how to avoid problems while doing those activities. The classes ranged from first aid to taking care of the equipment. All while making sure the kids were having a fun and engaging classroom.
