Work Experience

Warehouse Supervisor/Forklift Operator

Transportation Management Services Inc - Golden, CO

February 2017 to September 2019

I was hired at TMSI's headquarter location in Golden, Co as a Forklift Operator. Within my first week it was clear I would be a great fit with them, even without experience I excelled at any tasks delegated to me. I learned everything quickly. After 8 months I was promoted to a Warehouse Lead position, then 1 month later Warehouse Supervisor.

Following my advance in the company, I oversaw all warehouse operations. Our 286,000sq' warehouse with 26 loading dock doors saw between 10 and 80 loads a day over 2 (12) hour shifts. As Nightshift Supervisor, I have thousands of hours of experience with OTR & Local Inbound and outbound loads on 53 & 57' trailers, class 1-5 forklift operation (propane & electric), printing shipping schedules, Bill of Lading's, using RF scanning equipment, crew scheduling & management, staging/preparing loads, quarantining damaged/contaminated product, stacking product with a high reach propane or electric forklift.

As far as customer service, Dealing with many types of issues for this company, I found have a knack for problem solving and now have extensive experience reaching out to customers & appropriate parties explaining the situation or issue at hand and advising a course of action (usually regarding delay of shipment or shortage of certain product on a shipment) I led a happy crew and ensured a safe work environment always meeting or exceeding expectations.

Education
