## CAREER OBJECTIVE

Hello my name is Edgar freshly graduated from high school as my resume shows I have experience in warehouses and in retail but besides those jobs these are skills that I'm interested and hopefully I can be able to do as a career I have experience in carpentry in basic tool handle such as table saw, circular saw, miter saw nail gun, etc I get this experience from the class I took in high school for 3 years it was a hand on class I built different sort of things during the class and also I have experience outside of school like projects at home with build a fence around the house and building a shed to store tool in the backyard and willing to learn more. Another class I took during my high school time was Auto collision in this class I got experience in mig welding i had to
