## CAREER SUMMARY

### **Burkett Design, Denver, Colorado**

**2010 to 2011**

*Contract Project Architect / Designer / Draftsman*

- Responsible for developing and managing a construction project for the new medical office building in Dubai. Completed code analysis, schedule set-ups, sheet layouts, and floor plan changes.
- Developed an understanding of foreign cultures and how cultural differences impact architectural and construction practices.
- Produced a complete set of building permit documents within five days with a team of six.
- Assisted and organized two additional sets of construction documents.

### **Davis Partnership, Denver, Colorado**

**2001 to 2010**

*Project Architect*

- Remodeled an addition for Front Range Community College. Led the project and was responsible for on-site field administration, code compliance, and building client relationships.
- Performed programming, space planning, design, design development, construction documentation, building code research, detailing, project management, field administration, consultant coordination, client consultation, project marketing, and project close-out.
- Assigned to the CU Boulder LEEDS School of Business project, which included an addition of 65,000 square feet attached to a heavily renovated existing building of 100,000 square feet. Total budget was \$38M. The new facility included classrooms, lecture halls, learning labs, an expanded state-of-the-art library, dining facilities, team rooms, and faculty and administration facilities.

- Redesigned a project to meet new occupant requirements, updated building codes and LEED certification. Served as project manager through design development, construction documentation, field administration, close-out, and archiving.
- Organized and managed project teams and coordinated engineers.
- Managed multiple projects at the same time.
- Provided drafting services in AutoCAD and REVIT.

**Architecture Unlimited, Brighton, Colorado****2000***Project Architect*

- Led two projects. A retail dairy store in Northglenn, Colorado, and a warehouse / manufacturing facility in Longmont, Colorado. Performed client consultation, engineer coordination, building code reviews, detailing, drafting, and presentation renderings.
- Created hand drawn renderings for several projects. One rendering was placed on display at a “soon to open” bank.

**Ohlson Lavoie Corporation, Denver, Colorado****1998 to 2000***Project Architect / Detailer*

- Hired as project architect and was assigned to a project group to resolve problems, process construction documents, and complete drafting and detailing assignments.
- Wrote documents and specifications.
- Designed and integrated building systems for recreational health facilities.

**Hans Kahn Associates, Denver, Colorado****1995 to 1998***Project Manager*

- Led the field administration of Carrie Ayres Elementary School and The Church of the Latter Day Saints in Sterling, Colorado.
- Designed, drafted, and completed field administration for Laura Ingalls Wilder Elementary School in Littleton, Colorado; and two megabanks located in Northglenn and Westminster, Colorado.
- Responsible for programming, space planning, design development, contractual documents and field administration.
- Received Merit Award and Recognition from AIA.

**Lee Architects & Interior Designers, Denver, Colorado****1995***Project Architect*

- Designed religious and bank facilities.

**Reddy & Reddy Architects, Denver, Colorado****1988 to 1995***Project Architect*

- Specialized in airport facilities (Stapleton Airport and Denver International Airport, and the United Flight Training Center. Other projects included shopping centers, community centers and educational facilities.

- Managed a team of five for the Concourse A project at Denver International Airport with a budget of \$48M.
- Achieved the reputation of one of the most efficient and productive task forces, receiving the nickname of “The A-Team”.

**Ramon Martinez Architects, Denver, Colorado**

**1987**

*Project Architect*

- Designed airport facilities such as Concourse “E” at Stapleton Airport and A.R.F.S. #1 at Denver International Airport, and educational facilities (K-12).

**Hans Kahn Associates, Denver, Colorado**

**1985 to 1987**

*Job Captain*

*Draftsman*

- Organized and executed contract documents.
- Responsible for Construction Field Administration.

**Hinkley / Nelson Architects, Denver, Colorado**

**1979 to 1983**

*Architect*

- Responsible for restaurant, educational, commercial and residential projects.

**Diemer Associates, Denver, Colorado**

**1978 to 1979**

*Architect (Part-Time)*

- Completed small office remodels, hotel additions, residential, office, and warehouse projects.

**Maxwel L. Saul Architects, Denver, Colorado**

**1973 to 1975**

*Project Architect*

- Responsible for the design of educational facilities (K-12).

**AWARDS**

Excellence Award from Kaiser Permanente

LEED Gold Certification

Recognition and Merit Award from AIA and the Association of School of Business

The Production Task Force at DIA was named “The A-Team”

**TECHNICAL SKILLS**

AutoCAD, Revit 3D, BIM, New Forma, MS Office Suite

**EDUCATION**
