+1 630 345 0148

Determined and enthusiastic hands on worker, with experience in demanding, high energy, fast paced environments. Always looking to develop communicative and problem solving skills for different scenarios. Eager to achieve higher levels of success each day. Ethically and logically motivated to bring a high standard of work, with a high sense of pride in what I have to offer.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

## Work Experience

---

### **Machinist**

CW Keller & Associates, Inc. - Longmont, CO

March 2023 to Present

Running 3 and 5 axis router tables. Load programs onto machine, verify correct material, label parts. Changing tools, performing maintenance on machine according to maintenance schedule. Make adjustments to programs as needed. Custom 1 of 1 projects requiring troubleshooting to ensure everything comes out as intended (right size, right features)

### **Machinist**

Woodward, Inc. - Fort Collins, CO

July 2019 to March 2023

Ran all sorts of machines at Woodward. Started deburring parts and worked my way from there. Ran vertical and horizontal hones, drills, EDM Sinkers and Wire, and mills. Would occasionally help out on lathes. Used all types of measuring equipment from height gauges to micrometers and in-between. Recorded data and entered into SAP system. Held tolerances as low as +/- .0005.

### **LEAD BUILDER**

Fort Collins Truss - Fort Collins, CO

2016 to July 2019

Building trusses according to blueprint using computer programs. Verifying measurements to ensure pieces are in the correct place for proper load handling. Training new employees, trusted by foreman to oversee group of laborers ensuring an efficient and cost effective level of output.

### **Machine Operator**

Greencore USA - Geneva, IL

February 2015 to February 2016

Operating a seal wrapping machine. Making sure proper portions of product are packaged, with hourly quality control tests. Recording information that's submitted and audited. Problem solving malfunctions, resolving issues using techniques learned through training and experience.
