Authorized to work in the US for any employer

## Work Experience

---

### **SMT Operator II**

Freewave Technologies - Boulder, CO  
2010 to 2020

Operated stencil printers, Siemens and Amistar pick & place machines, and reflow ovens.

- Performed basic machine programming to implement Engineering changes.

- Performed daily preventive maintenance, inspection, touch up and labeling of PCB assemblies.
- Maintained accurate and complete documentation and made updates as needed.
- Trained operator I level personnel in standard operating procedures and worked with team members to improve processes as needed.

### SMT Operator I

- Worked in a team setting to produce PCB assemblies based on daily production schedules.
- Worked with solder paste and performed inspection, touch up and labeling of PCB assemblies.
- Maintained accurate and complete documentation
- Worked with team members to improve processes as needed.
- Adhered to ISO, ESD and company safety requirements.

### Production Assembler

- Performed electronic mechanical assembly and packaging on a variety of finished goods products and subassemblies using parts lists, assembly drawings and manufacturing procedures.
- Met production rate expectations and standards as established by the manager.
- Rotated through all positions throughout assembly operations.
- Performed SMT touch-up and rework.
- Utilized hand and power / wave solder machine and hand soldering experience.
- Used test equipment and followed test procedures.
- Input production build data into manufacturing software system
- Participated in team and manufacturing process improvement efforts.
- Followed company ISO, ESD, Safety and attendance guidelines.
- Additional duties as assigned.

### Others:

SMT operator, Hand soldering, testing, assembling, final test,  
Siemens machine 3 lineup setup with Dek screen printer and vitronics XPM2 oven. MPM Acela,  
Samsung SM471+, SM481,  
SM482.

- Worked in a team setting and alone to make sure the schedule was on track.
- Maintained accurate data and information on documents.
- Maintained a clean and organized work area.

### **SMT Machine Operator**

Inovonics - Louisville, CO

2000 to 2010

### Education

---

## **High school diploma**

Highschool- Bosnia and Herzegovina

### Skills

---

- Assembly
- Manufacturing
- Lean Manufacturing
- Quality Assurance
- Surface Mount Technology
- Process Improvement
- Quality Inspection
- ISO 9001
- 5S
