Work Experience

Johnson Brothers - Saint Paul, MN
November 2017 to April 2018

My duties at Johnson Brothers is to ride the stand up forklift and pick up pallets that my coworkers had finished completing orders. I also load and unload trucks which goes from 200 boxes to over 1000 boxes every night. There's times where I palletized boxes for small orders or orders that needs to be put on pallets in order to fit trucks.

Wilbert Plastic - White Bear Lake, MN
June 2016 to September 2017

My responsibilities at Wilbert Plastic is to work on CNC or work on Rotary machines. I was mostly working on rotary machines. I had to insert huge plastics onto the machine and let the heat form the plastics into a certain shape and than I have to deburr the plastics that came out a little bit rough. It's a really fast paced and humid environment.

Anderson Produced Inc. Co - Roseville, MN
November 2014 to March 2016

Roseville, MN 55113 11-2014/03-2016

My occupation at Anderson Produce is to work on sit down forklift and pick out orders for different food companies. I also used a electric pallet jack to pick up smaller orders. If the order are too small or doesn't need to be on pallets, we'll just load the truck by hand. The frozen boxes of meat products ranges from 50-120 lbs.
