Skills

- Working in a wood shop from a young age has allowed me to develop skills in hands on work involving creative thinking. In addition to woodworking, I enjoy metal work, electronics, and tinkering of all kinds. I have been longboarding for about 10 years, and love to spend time outdoors. I enjoy editing, videography, and creative collaboration. Having skills in art and design allows me to create original video content. I am a quick learner, a jack of all trades, and would be a great addition to any team.
