WORK EXPERIENCE

Heli-Pile Forklift operator/Metal Fabricator

2018–2019

Operated all types of fork lifts including combi-lifts, which are driven in a cab to drive in any direction from a stop to maneuver easily through really tight areas. Also used and very comfortable with Marvel band saws, 100 ton punches and swedges along with all deburring and sanding to prep for welding.

Turfscapes LLC Landscape supervisor

2011–2018

Statewide commercial landscape of banks, restaurants and other commercial properties. Part of my responsibilities was to oversee the work performed by the team to make sure it met our company's and clients expectations. I also coordinated the time line to get the jobs done on schedule as well as the travel arrangements for the crew.

Dura-Stress Inc. Concrete Laborer

2015–2017

Build concrete molds from ground up to exact specs from the blueprints. Install rebar reinforcements. Apply desired finish once the concrete was poured. Then remove the concrete wall segments and inspect for imperfections.

REFERENCES AVAILABLE UPON REQUEST

- .Ability to use a variety of power tools and equipment
- .Can lift up to 150 lbs
- .Attention to Detail
- .Team Player
- .Able to work well independtaly or in a group
