## Professional Experience

### Warehouse

- Packed and unpacked items to be stocked on shelves in stockrooms, warehouses, or storage yards.
- Stored items in an orderly and accessible manner in warehouses, tool rooms, supply rooms, or other areas.
- Examined and inspected stock items for wear or defects, reporting any damage to supervisors.
- Received and counted stock items, and record data manually or on computer.
- Marked stock items, using identification tags, stamps, electric marking tools, or other labeling equipment

### Production

- Loaded and unloaded items from machines, conveyors, and conveyances.
- Operated machinery used in the production process, or assisted machine operators.
- Placed products in equipment or on work surfaces for further processing, inspecting, or wrapping.
- Examined products to verify conformance to quality standards.
- Started machines or equipment to begin production processes
