Professional Summary

Adept at equipment operation and warehouse safety, my tenure at Cardinal Health honed my skills in accident prevention and efficient materials handling. With a knack for maintaining workplace cleanliness and a commitment to OSHA standards, I excel in fast-paced environments, consistently meeting goals with keen attention to detail and robust problem-solving abilities.

Work Experience

Cherry Picker Operator

Cardinal Health-Durham, NC

September 2023 to October 2024

- Assisted in organizing and maintaining clean working environment.
- Prioritized tasks based on urgency and importance in order to maximize efficiency.
- Loaded and unloaded trucks with materials, ensuring safe transportation.
- Utilized hand-held scanners to accurately track inventory data.
- Secured loads properly before initiating transport to prevent damage or accidents.
- Followed safety protocols during all aspects of material handling tasks.
- Collaborated with team members to meet deadlines for order fulfillment.
- Adjusted operating speeds depending on warehouse traffic and conditions.
- Verified accuracy of incoming shipments against packing slips or invoices.
- Followed OSHA standards, crew requirements and DOT regulations for operation of cherry pickers
- Inspected equipment daily, completed routine upkeep and notified supervisors of major repair needs.
- Supported efficient site operations with quick and safe movement of each load.
- Protected team members with correct use of lock-out and tag-out procedures.

Order Picker

Medline-Mebane, NC

December 2022 to September 2023

- Supported order fulfillment objectives by memorizing specific inventory locations of high-demand SKUs.
- Fulfilled orders using pick lists, order management software and RF scanners.
- Picked, packaged and transported orders using forklifts and hand trucks.
- Avoided errors by accurately reading work tickets and pulling merchandise.
- Received incoming packages and inspected for defects or damage.
- Identified opportunities to improve processes and increase efficiency.
- Picked, packed, and loaded orders based on information from pick tickets.
- Used safe and secure pallet shrink wrap techniques.
- Maintained accurate tracking for order movements with use of RF scan gun.
