#### Summary

I am a certified forklift driver. I've been at the walmart autocenter for more than a year. I have 9 months experience in a warehouse. I like working with my hands. I will try anything new to gain more experience and knowledge. I have experience and I'm certified in oil changes, changing and rotating tires, and checking and changing a car battery. My customer service skills are great and I can multi task.

#### Summary

#### Skills

I am experienced in oil changes, checking and changing batteries, flat tires, balancing and rotating tires, sheathing walls, using a nail gun, fast learner, punctual, and love to learn new things.

#### Skills

#### Experience

Autocenter, 09/2016 — 05/2018 walmart — broomfield, co

I been with walmart for a year in half. I work on cars doing oil changes. Find the hole in the tire then i patch it up. Put on new tires on cars. Change batteries if needed or charge them for customers. I basicaly do basic mechanic on cars.

#### Experience

Sheter , 04/2018 — 08/2018 percision Building System — Denver, co

PBS is a warehouse job. What we do there is build walls for houses and ship them to the yard for construction. My posion is Sheter. Sheter is when the framer frame the wall i will cover them with sheets and nail them down. Then i will cut windows, doors. Send them to the nailers. Got skills to use the nail gun. Fast working place to try to reach 800 ft
