Work Experience

Packager/Assembler

Wana Brands - Boulder, CO

November 2019 to Present

The position I work at Wana as a packager and on the assemble line, As a packager I first start my day with cleaning the table making sure they are sanitized. Then we bring out the gummies and or mix a batch of assorted gummies for the day or work on our solid colors.(one flavor) After the gummies are put into the containers we put a cap on the container and dust the remaining sugar and sent it to the assemble line were they have a plastic shrink wrap send them through a heater, weigh and package them. Also help clean up and help rest the floor for the next day.

Farm Worker

LivWell Enlightened Health - Denver, CO

May 2019 to October 2019

I got a 3rd promotion, and moved to the farm where I helped clean and load the tables with plants plus scan them in then trellis the plants. After all the is done I'd go back and bottom the plants to try and remove all the scruff as well as fan the big fan leaves off the plant so more light can go though the canopy.

Runner

LivWell Enlightened Health - Denver, CO

September 2018 to May 2019

I got promoted to a Runner, so I would walk around the room and make sure everyone would have a plant to trim, a bucket to put all the trimmed product in then sign the date and time then send it off to Post Trim, also I would have to clean up and make sure the trash is taken care of at the end of the day.

Trimmer

LivWell Enlightened Health - Denver, CO

July 2018 to September 2018

As a Trimmer, I had to trim flower after it harvested, make sure all the fan leaves and small sugar leaves plus remove all the stems and separate the scruff.

Membership

Sam's Club - Thornton, CO

January 2017 to October 2017

I help members with all there questions and concerns.
