I have experience the position I am looking for so I already know and I might help others who are struggling with great teamwork.

Work Experience

Packaging

rise baking company

October 2018 to Present

First when I came to Minnesota the first job I take was at the K Market in Minneapolis. I used to do stocking and cashier. I was honored to work with them. my second job was the Wholesale produce supply co. This company was great and I tough me many things like packaging stocking and cleaning the stuff that is not good. it was great to work with them. I worked with one year.

the address of the company is 1147 Benson St River Falls 54022 I work at rise baking company. I started October 5 2018, until now. The reason am leaving is night shift and I didn't like night shift and they don't have it a day shift that's why am changing.

I heard this company is hiring that's why am applying
