

FRANK KURZENHAUSER

Longmont, CO 80501

frankkurzenhauser5_hwa@indeedemail.com

+1 720 453 6490

Dependable assembly line worker with a twenty year background in manufacturing. Hard working and efficient team player, dedicated to producing quality work. Expertise in checking incoming and outgoing products to verify quality and observing equipment to detect malfunctions. Comfortable in a fast paced environment with little to no supervision.

Work Experience

Manufacturing Specialist

Seagate Technology - Longmont, Colorado

June 2021 to May 2023

Worked primarily on the test floor, testing disk drives per engineering procedures. Installed/replaced circuit boards and assemblies. Performed various tasks as needed in the staging, and clean room areas.

Assembly Line Leader, Material Handler.

Current Lighting Solutions - Longmont, Colorado

February 2015 to November 2020

Manufactured indoor LED lighting fixtures. Worked all line positions, rotating every two hours. Daily tasks included BOM verification, inspection of components, reading and interpreting wiring diagrams, assembly, wiring and testing of fixtures and packaging of finished goods. Trained new team members. Utilized various tools and read schematics to build products to customer specifications. Participated in Kaizen improvements and Lean concept training. Our team improved from 2.5 to 4.3 fixtures per man hour from 2015 to 2020.

Machine Operator, Material Handler

Resource MFG - Longmont, Colorado

November 2007 to February 2015

Completed several short term assignments. All jobs included the use of hand tools and computer transactions.

Material Handler

Associated Thermoforming Inc - Berthoud, Colorado

April 2012 to January 2015

Read from pick lists and accurately located products, stocked work stations with materials as listed on shop orders, performed cycle counts and assisted with physical inventory, posted warehouse transactions on computer.
