As a young and bright individual with multiple certifications, I am seeking a career in automotive and diesel. I can apply my skills and knowledge I learned at RTDs D-Tech program and early training if given the opportunity. I am certain the knowledge I possess of heavy equipment combined with my high mechanical aptitude and unyielding commitment to safety, I just know that I will become an effective team contributor and absolute asset to the overall success of your organization. I'm looking on expanding my knowledge even further in the automotive/diesel as well.

Authorized to work in the US for any employer
