- Replaced engine components such as alternators, starters, drive belts, valve cover gaskets, oil pan gaskets, trans pan gaskets, can sensors, crank sensors, O2 sensors.

Line Cook/Server

Buffalo Wild Wings - Thornton, CO

January 2017 to August 2017

Started off as a Server to gain some communication skills and customer service experience and transferred to line cook for a more stable and better pay. Serving was pretty easy and simple you greet them when they walk in if we were short a greeter. Welcome and greet the customer to their seating and take there order. Keep up with their refills as they wait for their food. Occasionally check on them on how's everything going. Ask them is they need the bill when they're done eating. Line cook my duties were to prep, clean, and maintain the kitchen and keep up with fresh product to the temperature danger zone sheets. Since I cross trained for server and cook I'd help out on busy nights when we were short staffed.
