- Experience with snake machines, and sewer jet machines.
- Experience in soldering copper pipes.
- Forklift certified driver.
- Bilingual (English & Spanish).
- Blueprint reading experience, used to assemble, and cut parts to specifics and tolerances.
- Experience in deburr/blending.
- Experience in running orbital welder.
- Experience using measuring tools such as setback gauges and calipers.

WORK EXPERIENCE:

GPT, Wheatridge, CO

11/2022-Present

Machine Operator

- Worked from work orders, drawings, layout sheets, and written and verbal instructions.
- Calculated and set controls to regulate machining factors such as speed, feed, depth and angle of cut.
- Observed machine operation to detect malfunctions and adjusted machine controls as required.
- Trained new CNC Operators.
- Ran CNC and manual lathes.
- Produced metal gaskets to 1000/inch.
- Met production goals producing up to 300/day.
- Carried out daily preventative maintenance on machines.
- Completed all NIMS online training.
- Completed paperwork accurately and on time.

Forterra, Henderson, CO

10/2020-09/2022

Machinist/Cage Operator

- Run MBK machine in safe and timely manner.
- Make sure cages are built on correct measurements and welds hold under pressure.
- Manually weld cages if needed.
- Make sure QC double checks measurements and spacing.
- PM Machines.
- Troubleshoot, if machine is down.

General Labor

- Prepare plant to run production.
- Set pallets down in safe manner using forklift or manually.
- Make sure the concrete mix is not dry or too wet or the concrete pipe will collapse.
- Fly headers with crane on top of mixed pipe in a safe manner.
- Clean up in a safe and timely manner.
- Shovel hundreds of pounds of concrete a day.
- Jackhammer concrete to dry to shovel.

Vestas Nacelles, Brighton, CO

01/2020-09/2020

Production Tech

- Assemble parts to the Nacelles using hand and power tools.
- Torque bolts and nuts to specifications on blueprints.
- Using jib and 5-ton crane fly parts into the nacelle that are too heavy to manually and safely install.
- Work efficiently and in a safe manner.

GKN Aerospace, El Cajon, CA

08/2018 -12/2019

Tech II/blender

- Responsible for maintaining specifications on aerospace parts according to operation sheets and blueprints.
