

Kevin M Gilhuly

29580 Juniper St. ▪ Brownstown, MI ▪ 48183 ▪ (734) 558-3896

SUMMARY OF QUALIFICATIONS

- Accomplished individual with over ten years of experience in a manufacturing environment
- Skilled in a vast array of technical and mechanical functions, including robotics programming and thermal spray applications
- Self-motivated individual focused on high quality output
- Proven ability to assess issues and resolve using most efficient and effective method

CORE COMPETENCIES

- Metalized Coatings using Thermal Spray/H.V.O.F.
- Robotics Programming
- Forklift Operator (Previously licensed)
- Quality Inspection
- Site Safety
- MIG Welding
- Excellent eye-hand coordination/manual dexterity

PROFESSIONAL EXPERIENCE & ACCOMPLISHMENTS

Midwest Thermal Spray – Farmington Hills, MI

Mar 2000 – Aug 2010

Thermal Spray/H.V.O.F. Operator

- Automotive robotic applications, which include mock-assembly line production, test end-of-arm tooling, and scripting robotic programs in a production environment
- Gained the knowledge and experience needed to supervise warehouse employees, ensuring jobs are completed accurately and deadlines are met
- Lead crew for completion of various tasks at off-site locations, such as Dow Chemical. Tasks included gathering and transporting necessary equipment, making over-night hotel accommodations and working alongside the team to ensure work is completed accurately and on time.
- Expert in operation and repair of thermal spray, end-of-arm tooling and H.V.O.F. equipment
- Performed metalized coating applications using thermal spray techniques
- Spraying automotive parts to be protected from corrosion, mixed epoxies to the correct ratios and operated conventional and airless sprayers
- Quality inspection for defect recognition utilizing calipers, micrometers, and multi-meters
- Handling of customer concerns and problem resolution
- Shipping & Receiving / Preparation of delivery utilizing the UPS shipping system

Dun-Rite Door Sales/McLellan Overhead Door – Flat Rock, MI

1994 – 2000

Installer/General Repair

- Installation and repair of industrial and residential garage doors, entry doors and automatic garage door openers
- Specialized building repairs, which included masonry installation/repair and industrial roofing

ADDITIONAL EXPERIENCE & SKILLS

Home Improvement - Unaffiliated

Jan 2000 – Present

- Home additions including framing, electrical wiring, plumbing lighting, drywall, entry door installation and painting
- Residential and commercial garage door installation and repair
- Minor appliance and HVAC repairs

PROFESSIONAL DEVELOPMENT

- Construction/Maintenance Contractor Awareness – Great Lakes Safety Training Center
- Robot Operations Training - FANUC Robotics
- C Controller Operations & Programming Training - Kawasaki Robotics
- Basic Maintenance Training - PushCorp, Inc.
