
PROFILE

OPERATIONS / MANUFACTURING RESOURCE PLANNER & PRODUCTION SCHEDULER

Recipient of Numerous Awards for Exceptional Contribution to Performance Excellence, Influential Leadership and Creating Value through Continuous Improvement and Customer Service

Seeking position in Production Planning / Supply Chain / Logistics that will capitalize on my ability to optimize systems, processes and technologies with best practice strategies to enhance operational efficiencies and meet demanding production, performance and project goals under stringent deadlines.

Core Competencies and Capabilities:

- APIC Production Planner / Scheduler — Planning Resources for JUNO, GRAIL, MAVEN and ORION Space Programs
- ERP Manufacturing Planning for Avionics, Aerospace Electronic Systems Production (Millions of Dollars)
- Leading Multiple, Cross-Functional Teams (Engineering, QA, Procurement, Customer) to Accomplish Mission Objectives
- Facilitating Customer Status Meetings with Senior Management
- Influencing Leadership to Create More Schedule and Cost Effective Product
- Establishing / Maintaining Policies to Ensure Risk Management and Compliance throughout Production Cycle
- Developing / Implementing Initiatives to Produce Best Possible Outcome / Results in a LEAN Manufacturing Environment

Key Strengths:

- *Exemplify Core Values of Initiative, Integrity, Honesty, Positive Attitude and Commitment to Excellence and Quality*
- *Resourceful, Intelligent, Conscientious and Analytical Decision-Making and Problem-Solving Abilities*
- *Capable of Managing Multiple Simultaneous Projects, Prioritizing Time and Tasks Efficiently*
- *Solid Understanding of MRP Principles, Quality Assurance, Production Floor Operations, and Continuous Improvement*

PROFESSIONAL EXPERIENCE

LOCKHEED MARTIN SPACE SYSTEMS COMPANY (LMSSC) - Littleton / Waterton Canyon, Colorado

Manufacturing Resource Planner (2009 to Present)

Planned the schedule and material for 5 unique space-bound programs in a high mix / low volume avionics production environment, supporting multiple programs with separate customer teams. Collaborate with Engineering Teams in Design, Quality, Manufacturing, as well as Inventory Managers and Labor Supervisors to determine resources, material, and production schedules.

Train and integrate new team members. Present daily production status and real time updates to production orders, and created / presented program updates to program and process improvement stakeholders.

Negotiate production schedule based on supplier lead time and material availability. Initiate advanced procurement activity to reduce / eliminate < lead time procurement conditions. Notify appropriate teams of changes in production schedules.

Supported the use and expansion of the SAP ERP tool and initiated 4 process improvement initiatives to leverage ERP tool and enhance production, reducing partial production order steps by 41%.

Currently Working on the Following Programs:

- The Orion Multi-Purpose Crew Vehicle (MPCV)—NASA's manned replacement for the Space Shuttle.
- Mars Atmosphere and Volatile Evolution (MAVEN) for scheduled launch in 11/2013.
- Origins Spectral Interpretation Resource Identification Security Regolith (OSIRIS-REx) an \$800 Million program scheduled to launch in 2016.

Recognition:

- *Recipient of the Horizon Award for Innovation (2012)*
- *Recipient of 3 Special Recognition Awards (2011 - 2012)*
- *Recipient of 1 Exceptional and 2 High Contributor Assessments 2009 - 2011)*
- *Recipient of 2 Performance Excellence Awards (2010)*
- *Recipient of 7 Team Member High 5 Awards (2009 - 2012)*

PROFESSIONAL EXPERIENCE (Continued)

BLUE VALLEY RANCH - Kremmling, Colorado

Team Leader - Working Ranch and Wildlife Habitat Conservation Site (1996 to 2008)

Working cattle and bison ranch with guest facilities. Led cross functional teams to accomplish construction, agricultural and maintenance projects. Developed a property-wide maintenance plan and employee housing proposal and reported project status to customer and management teams. Ensured availability of equipment and facilities for guest activities. Scheduled pickup / return transportation for guests and employees.

Maintained wilderness habitat for Elk, Mule Deer, Antelope, Sage Grouse, and other Colorado native wildlife, bird, and fish species. Constructed weirs for river preservation along 10 miles of Blue River. Planted trees and re-vegetated with native grasses and shrubs. Cooperated with the Division of Wildlife and Forestry on controlled burns.

U.S. FISH AND WILDLIFE SERVICE

Type II Fire Fighter (2006)

Worked in extreme outdoor conditions on fires lasting up to 2 weeks. Performed initial attack, structure protection and built line on fires in Oregon, Nevada, Washington and California. Operated a Type 5 Wild Land Engine and member of a Type II Hand Crew.

KEVCO REAL ESTATE INVESTMENTS AND PROPERTY MANAGEMENT - Fort Collins, Colorado

Rental Team Member (2004 to 2005)

Consulted on rental properties including single family homes, townhomes and apartment complexes. Led the maintenance team responsible for property upkeep, interior / exterior and landscape maintenance.
