

Job Description

Sanitation Employee Level 1

SUMMARY

Personnel are responsible for the complete clean up of production and non-production areas, using low pressure water hoses, manual scrubbing and chemicals. Employees remove garbage, disassemble and reassemble miscellaneous equipment, wash, clean and sanitize the equipment, and prepare for inspection in the morning prior to general operations start up. This position includes cleaning of welfare areas as assigned. If absent, the Sanitation Lead and/or another trained employee or trained back-ups will be scheduled to cover responsibilities for this position.

PRIMARY RESPONSIBILITIES

1. Know and understand cleaning procedures and application of all cleaning and sanitizing chemicals.
2. Must complete safety training associated with the chemicals used in this position. Must follow all PPE requirements necessary for job tasks, and know how to use SDS information when needed.
3. Understand the operational controls of production lines and other equipment scheduled to be cleaned.
4. May need to use pallet jack or dollies to move materials.
5. Employee works closely with other operators to attain daily production goals.
6. Must be able to do physically demanding work with some lifting, up to 50 lbs. Employee should be able to work in either warm or cold temperatures and stand on the job for a maximum of 5 hours at a time. Employees must also possess physical stamina with a range of motion and dexterity.
7. Comply with regulatory as well as company food safety, employee hygiene, quality and employee safety rules and any other company or outside regulatory policies.
8. Maintain legible and accurate records for daily sanitation activities and chemical concentrations.
9. Knowledge and understanding of how to test chemical concentrations and use basic multiplication/addition/subtraction/division to figure out the correct concentrations and to achieve the desired mix ratio when mixing chemicals.
10. Must retain knowledge of all cleaning procedures necessary to the position.
11. Goals, standards and deadlines associated with cleanliness, cleaning times, production start times, etc. will be set with expectations of completing them.
12. Attend all department and plant meetings as well as complete all requested trainings and testing.
13. Dismantle, clean, reassemble and inspect particulate depositors, dip depositors, flume equipment, line packaging, filling, conveying and sealing equipment, etc.
14. Use approved cleaning equipment, such as squeegees, brushes, portable foamers, etc. to ensure accurate cleaning of the equipment being cleaned.
15. Perform miscellaneous duties as assigned.
