Use my knowledge to keep a facility running and looking well. I have a good background in electricity along with experience in other trades including plumbing, carpentry, drywall and paint, some experience in HVAC. I have participated in opportunities to continue learning and have trained in electrical safety, customer service, fall protection and confined space. I can provide original certificates of training.

Work Experience

Trades Maintenance

Colorado State University - Fort Collins, CO

October 1992 to Present

I gained my experience working in different titles or positions in trades from a basic Structural Trades I where I learned skills with construction demo, sidewalk repair , equipment maintenance, event set up, snow removal and basic wall repairs. In the title Pipe Mechanical trades I repaired or installed small and large scale motors, pump assemblies, shafts and bearings for heating/air conditioning, ventilation, I also learned basic plumbing skills with trouble shooting and repairing blocked lines. I worked in electrical trades installing, repairing or maintaining electrical systems of many different voltages. I can provide documentation of excellent work history.
