Work Experience

Route Sales Representative

Frito-Lay - Denver, CO

February 2022 to May 2024

As a Route Sales Representative I was responsible for delivering and ordering Frito-Lay products at over 20 different convenience and large format stores. I verified the product to guarantee it matched the dollar amount and inventory before being delivered to ensure accuracy. As well as verifying orders to make sure the product ordered matched the product that was empty or low without unnecessary duplicates. I stocked the product to the self, rotating code dates and taking stale or defective product off the shelf. I have been in charge of my own route for over a year and a half, seeing a significant increase in sales and customer satisfaction.

Night Crew Foreman

King Soopers - Thornton, CO

August 2020 to February 2022

As Night Crew Foreman I was responsible for maintaining nightly stocking operations, including; directing and assisting associates to work and rotate aisles and product, ensuring an efficient time is being met, verifying the order placed for the 40+ aisles of dry and frozen grocery product and editing/ordering as necessary, receiving and unloading the deliveries at late hours using electric and hand pallet jacks ensuring they are placed in correct temperature locations, and communicating with the management in the morning about the details of the night.

Night Crew Associate

King Soopers - Thornton, CO

September 2018 to August 2020

As a Night Crew Associate member I was responsible for maintaining and rotating the 14+ aisles of dry grocery, frozen grocery, and dairy products. Nightly operations were a crew and me unloading multiple trucks of product, sorting by aisle and sector (Dry, frozen, dairy) and working said product to the proper places on the shelf, rotating, pulling stales and defects, and maintaining the grocery and frozen backroom by sorting backstock pallets and carts. I was willing to be put in charge of editing and placing the frozen grocery order as the store did not have a sufficient amount of people on the crew, I assisted the Frozen Foreman, dairy foreman, and Grocery Manager despite being only an associate and received a promotion to Night Crew Foreman.

Education

High school diploma
