How are you feeling now?

Please tell me the nature of your injury. Where does it hurt? What type of injury? (strain, sprain, cut, bruise, ect...)

I have a puncture on my right middle finger above the middle joint from a sharpened wooden stick. I have moderate pain in the joint of my finger when I bend it. My finger is slightly bruised and swollen

Have you experienced an injury like this before?

I haven't.

Yes it is.

What tools and equipment were you using at the time of injury?

A dye polishing machine, a dye, and an orange stick

Please describe the training you received prior to using this equipment.

I was given hands on training and instruction on how to operate the machine.

Is there anything else you can tell us about how the injury occurred?

Not at this time.
