EXPERIENCE

01/2022-PRESENT

QUALITY FOREMAN, METALCRAFT INDUSTRIES

ISO 9001, ITAR regulated high precision CNC machining, stamping and sheet metal shop. My responsibilities include first piece, in process, outside service and final inspections. Supervision, training and mentoring of quality inspectors. AS9102 first article inspection reports. Ensuring gage calibration is accurate and current. Maintaining and improving quality control standards and equipment. Identifying and resolving problems which affect the manufacturing process. Actively demonstrating a servant attitude regarding customers and team members. Running and programming CMM (PCDMIS). Facilitating SCAR, MRB and DMR Process. Floor and internal audits.

04/2017 – 12/2021

QUALITY TECHNICIAN, EATON CORPORATION

Power systems division of Eaton. Manufactured innovative ecofriendly switchgear. My responsibilities included receiving and performing mechanical, electrical, physical and visual inspections of raw materials, components and sub-assemblies. Programming and running Keyence CMM and Vision system. Performing first article inspections and non-conformance reports. Internal audits.

11/2015 – 01/2017

MANUFACTURING TECHNICIAN, ALSO ENERGY

Manufacturing company that made information hubs for solar panels. My responsibilities included material handling, hub assembly, wiring, configuration and product testing.

02/2014-08/2015

MANUFACTURING TECHNICIAN, STAGES CYCLING

Manufacturing company that made power meters for pro and recreational cyclists. My responsibilities included product cleaning, laser engraving, soldering, programming, product calibration, testing and packaging.

EDUCATION

2011

HIGH SCHOOL DIPLOMA, CENTARAUS HIGH SCHOOL

AP, IB, pre engineering programs.

SKILLS

- Bilingual (Spanish, English)
- Fast learner
- High attention to detail
- CAD skills (Solid Works)
- CMM Programing (PCDMIS, Keyence, Calypso)
- Microsoft Office, Outlook, Teams
- Forklift certified
- Internal auditor certified
- Well versed with Equipment found in Quality lab
- Can read wiring diagrams and product drawing
- Well versed in GD&T

ACTIVITIES

I am a very outdoorsy person. You can find me camping, hiking and rock climbing when the weather is nice and skiing when it's not. I love to work on cars and tinker in my garage. Cooking is a passion of mine.
