Detail-oriented Production Worker offering proven history of managing physically demanding tasks and dynamic work conditions.

Hardworking and diligent with 4 years of assembly and production expertise, including ceramic product assembly and inspection. Versed in reviewing work instructions and adhering to guidelines.

Work Experience

Quality Control Inspector

3d Systems - Littleton, CO

August 2022 to December 2022

- Created and deployed best practices to improve efficiency and reduce defects.
- Streamlined QA processes by working closely with development teams and staying abreast of changing product demands.
- Inspected quality of products, taking note of functionality, appearance and other specifications.
- Communicated with production team members about quality issues.
- Completed precise measurements using special tools.
- Reported repeated issues to supervisors and other departments, collaborating to identify issue roots and rectify problems.
- Performed visual inspections and non-destructive tests where appropriate.
- Used hand tools, instruments, gauges and equipment to complete accurate measurements and noted results for official records.

Budtender

Green Dragon - Edgewater, CO

September 2021 to December 2021

- Answered questions about medicinal and recreational uses and effects and qualities of different strains.
- Assisted medical use customers in identifying cannabis medicines and methods of medication that best fit individual needs.
- Read industry publications to maintain knowledge on current and future bud trends.
- Checked guests' photo identification for validity and age requirements.
- Packaged regulated products in appropriate exit containers.

Stower

Amazon - Thornton, CO

November 2019 to August 2020

- Filled over 700 daily customer orders with efficiency and accuracy.
- Maintained clean and organized workspaces to uphold safety standards.
- Organized both outgoing and incoming shipments based on product descriptions and shipment dates.
- Sorted over 10,000 products onto shelves according to type, weight and size.

Quality Control Inspector

CoorsTek Inc. - Golden, CO

March 2018 to June 2019

- Created and deployed best practices to improve efficiency and reduce defects.
- Monitored performance and generated reports detailing quality of product and defect rates.
- Evaluated components and final products against quality standards and manufacturing specifications.
- Completed precise measurements using special tools.
- Reported repeated issues to supervisors and other departments, collaborating to identify issue roots and rectify problems.
- Noted trends in product quality and functionality to determine problem areas and plan for improvements to processes.
- Performed visual inspections and non-destructive tests where appropriate.
- Disposed of unsound and unsafe materials, products and equipment to prevent inappropriate reuse.
- Assembled over 50 modules per day.

Assembly Technician

Terumo BCT - Lakewood, CO

October 2014 to January 2017

- Worked directly with QA personnel to identify and correct defects.
- Kept work areas organized, tidy and clean for maximum productivity.
- Set up, operated and arranged equipment, including the Occlusion Tester and Sealer.
- Maintained good stock levels, counted parts and requested additional supplies.
- Inspected all work for quality and compliance with design standards.
- Conducted quality assurance inspections on finished components and identified issues.
- Followed operating procedures to maintain all logbooks.
- Closely inspected parts for cleanliness and freedom from contaminants.

Shift Supervisor

KFC - Commerce City, CO

May 2012 to December 2012

- Minimized resource and time losses by addressing employee or production issue directly and implementing timely solutions.
- Collaborated with internal teams to streamline operations across materials handling, production and shipping.
- Completed store opening and closing procedures, including setting up registers and checking products.
- Evaluated employee skills and knowledge regularly, providing hands-on training and mentoring to individuals with lagging skills.
- Conducted routine inspections of incoming materials to check quality and compliance with established product specifications.
- Helped store management meet standards of service and quality in daily operations.
- Responded to and resolved customer questions and concerns.
- Maintained clean and well-organized production areas to avoid violations or unnecessary work delays due to hazards or inefficient layouts.
