Helped load drivers before they went out on there shifts. Unloaded trucks when arrived to warehouse. Sorted boxes made sure they were with there right bags.

Assistant Manager Warehouse worker

Dilmar Oil Company-Goldsboro, NC
March 2020 to November 2023

I was working at Dilmar oil company for about 3 years. I came in as a warehouse worker where I would come in pull orders with a forklift wrap the orders and stage the orders. Then unload and load trucks . By my second year I got promoted As the assistant manager. I still work in the warehouse and monitor over it but I also had other duties such as, doing routes for drivers when manger is not there. I take care of the walk in customers that come in to buy oil. Managed our inventory and made sure the numbers were correct but , also put fuel receipts in the system from our drivers.
