I am a cnc machinist that has 1 year of experience with setup and 3 years of experience operating. I am always eager to add more experiences and skills to my resume. When I join a company my goal is to learn it all and be the best I can.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

Production Specialist

CoorsTek - Golden, CO

April 2022 to August 2023

As a production specialist my job is to perform setup on cnc mill, lathe, manual lathes, water press, industrial saw. I am responsible for R&D parts before they become widescale production parts. Its is my responsibility to communicate with the customer and make sure they receive parts in spec to what they visioned.

Cerakoter

Live Free Armory - Melbourne, FL

March 2019 to March 2022

I used tools such as sandblasting and deburring in order to prepare my parts for paint. I was responsible for painting a certain amount of parts a day in order too keep orders current. I also did special order paint jobs when requested such as battlefron, and custom designs using crekit machine and stencils.

CNC Machinist

Live Free Armory - Melbourne, FL

March 2019 to March 2022

My responsibilities were to regularly check parts with various precision tools to ensure parts were in spec. Make adjustments for tool wear as they occurred. Organization and cleanliness are a big part of my job as a machinist.

Forklift Operator
