Creative Wood Products - Custom Drawer Maker

Blaine, MN

Employed - June 14, 2012 - November 2016

Duties - Make drawer parts according to size. I use a table saw to cut them to height. A planer to get them to the right thickness. A wide belt sander to smooth the parts. A CNC dove-tailer to make the joints. Another table-saw to dato the parts. And then I begin assembling them. I cut the bottoms for the drawers with an arm saw and a table saw. I also maintenance all of the machines and I know how to read a tape measure. I also drove a forklift to pick up deliveries.
