

Jacob Long

Tulsa, OK

wintersin7@yahoo.com - (405) 742-7709

I have a professional demeanor about myself. I take leadership as an opportunity to better myself. I adapt well. My communication skills and ability to talk to people is one of my strongest skills. I strive to be successful. Willing to relocate: Anywhere

WORK EXPERIENCE

Laborer/Fabricator

Jack Long Plastering - Stillwater, OK - 2015-07 - Present

Fabricated all jigs and tools necessary to build scaffolding, frame feet, L-Brackets, and top posts. I made water based chemical for the plasters. Covered all ground, windows, and doorways. Gathered all materials from supplier and relocated them to them next job site. Cleaned and maintained all tools. Up keep on the shop.

Code Welder

Black Eagle Energy Services - Berthoud, CO - 2014-03 - 2015-07

Certified to weld per AWS D1.1 standard code on all schedules and all diameter pipe. GTAW, MIG, FCAW, TIG, and SAW. Mainly welded pressure pipe using MIG and FCAW processes. When not pipe welding, I would be welding structural handrails, skids, jigs, TIG ventilations and/or anything on the blueprints. Occasionally, I would stick weld structural skids outside.

Skills Used ;

MIG, FCAW, GTAW, GMAW, and SAW. Pipe-fit. Fork lift. Mill saw and band saw.

Fabricator/Laborer

Jack Long Plastering - Stillwater, OK - 2011-05 - 2013-09

Fabricated all jigs and tools necessary to build scaffolding, frame feet, L-Brackets, and top posts. I made water based chemical for the plasters. Covered all ground, windows, and doorways. Gathered all materials from supplier and relocated them to them next job site. Cleaned and maintained all tools. Up keep on the shop.
