Professional Summary

Young and motivated past collegiate athlete, with experience in a large warehouse with large hydraulics as well as keeping track of hundreds of smaller bolts and nuts. Also experience with smaller Best Buy warehouse and the customer service and product knowledge that comes along with being a sales consultant at an up to date technological device store.

Trained and very familiar with computers and computer technology, as well as many hours of physical labor through years of training, college sports, roofing, and landscaping.

Took every shop and weld class available in highschool as well as come from generations of welding in the family and would absolutely love to start metal working as well.
