US Air Force veteran with 7+ years experience in aircraft maintenance, as well as a variety of other platforms. I am very experienced in mechanical troubleshooting and preventative maintenance and can quickly adapt to new challenges.

Willing to relocate: Anywhere

Authorized to work in the US for any employer

Work Experience

CNC Machine Operator

Aerotek-Valmont Industries - Valley, NE

June 2022 to September 2022

- Operate air-assisted lift equipment to relocate gearboxes from the assembly line to paint and pallets.
- Perform in-process quality checks using various tools including torque wrenches, calipers, and other measuring tools, as well as identify abnormal processes or incorrect parts and products
- Follow safety policies and procedures including hazardous energy control and use of required PPE and identify safety hazards and report them using the proper system

Mechanical Assembly Technician

Aerotek - Minneapolis-Saint Paul, MN

November 2021 to February 2022

- Trained in the installation and removal of new model Polaris snowmobile engines.
- Assisted in a 10,000 engine swap project over the course of four months.

Apprentice Diesel Mechanic

Rail modal group - Minot, ND

May 2021 to October 2021

- Perform routine maintenance and repair to a variety of heavy diesel equipment such as yard trucks, semis, and Top lift Cranes.
- Assists with a number of other jobs onsite including unlocking container buffers, joining/breaking railcar sections, maneuvering track switches, etc.

Counterman

NAPA Auto Parts - Minot, ND

June 2020 to May 2021

- Assisted customers in finding accurate solutions for their automotive issues.
- Seamlessly worked alongside 4 countermen coordinating orders, deliveries, and general stock.
- Award-winning customer service by the City of Minot.

Independent Contractor

Comfort Dynamics - Denver, CO

October 2019 to February 2020

- Led a crew of two for various Eco-efficient home renovation jobs including painting, insulation, and window tinting.
- Serviced multiple air conditioning units, recharging HVAC systems.

Delivery Driver

First Choice Coffee Services - Denver, CO

April 2019 to October 2019

- Responsible for the packing, delivery and unloading of coffee to various offices across the Denver and Boulder area.
- Managed 20+ accounts receiving quality customers service reviews.
- Routinely assisted the warehouse crew in tasks such as receiving and unpacking pallets, organizing the warehouse, and and operating forklifts, pallet jacks, and other varied warehouse equipment.

Armament Load Crew

USAF

July 2017 to July 2018

- responsible for maintaining the integrity of Aircraft specific weapon systems; involved in the handling, modification, integration, and maintenance support of all IO MAX employed weapons.
- Worked closely with my team members requiring constant communication.

Armament Support Technician

USAF

May 2015 to July 2017

- Organized shop's Hazmat program updating 100+ SDS entries clearly defining the product.
- Procured new toolboxes for the shop with hand-cut shadow boards.
- Followed scheduled maintenance for all tools and devices.

Armament technician

USAF - Misawa,JP

July 2013 to July 2017

- 4 years exp on military weapons systems equipment such as the M61A1 Vulcan Cannon and ammunition handling systems.
- Experienced in mechanically troubleshooting varied systems from timing issues to mechanical failure.
- Routinely read parts breakdown technical data and wiring diagrams to diagnose and repair equipment for preventative maintenance as well as equipment failure.
